

Kennon Door 2.0

Ligature-Resistant Behavioral Health
En Suite Door (SSPD)

NYS-OMH
NEW YORK STATE OFFICE OF MENTAL HEALTH
2023
Patient Safety Standards Guidelines

NFPA-286
CERTIFIED
ASTM E84
CERTIFIED

With nearly 25,000 installations over 15 years, Kennon's doors have never been part of a sentinel event.

The virtually indestructible Kennon Door 2.0 enables patients to maintain their privacy and dignity while protecting them from harming themselves. It's 100% made in the USA from flexible, water-resistant materials that can be cleaned with soap and water. The doors feature a breakaway magnetic hinge made of military-grade materials. On hollow steel doorframes, there's nothing to install* – anyone can install it in a second. It's perfect for bathroom and shower installations.

Technical Description:

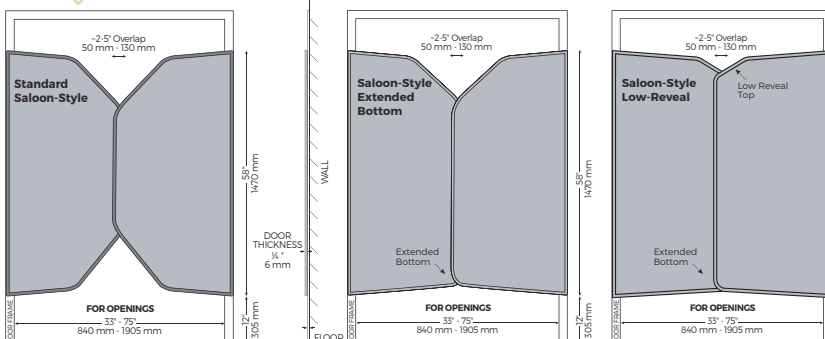

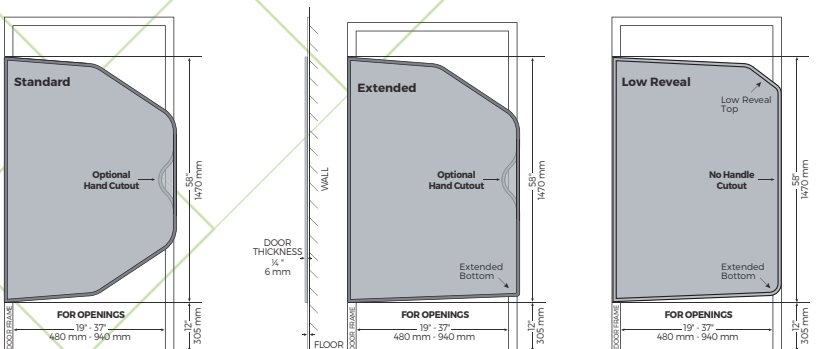

- NFPA-286 Fire & ASTM E84 A Certified
- Soft non-PP foam core
- Magnetic hinge breaks away with minimal force
- Single panel doors can be made without the curved side handle cutout
- The door is offered both in a version that meets NYS-OMH Guidelines, as well as a door with greater magnetic attraction.

Military-grade hinge materials assure patient safety

Kennon created the first SSPD door in 2009

Can't be rolled up and weaponized

Limitless image options

Attachment Plates:

* When not used in a metal frame, the Kennon SSPD Door 2.0 requires five attachment plates (sold separately). They are installed using #10 tamper-resistant screws or a pick resistant caulk.

Dimensions:

3 plates 14" x 1 1/4" x 1/16" 2 plates 6" x 1 1/4" x 1/16"
